CHRISTIAN LAW ASSOCIATION

A Ministry of Helps to Bible-believing Churches and Christians

August 12, 2011

Dear Friend of CLA,

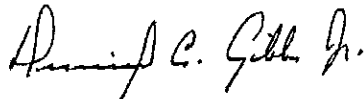

As the summer heats up, I encourage myself with great Bible examples such as David v. Goliath, Esther v. Haman, Gideon's 300, and Jesus' early disciples turning the world upside down, to mention a few. The common truth in all of these examples is that God can do incredible things through ordinary people facing difficult situations. **These Biblical examples also challenge me whenever I think about what CLA accomplishes day after day and year after year with the Lord's help.**

CLA's ministry work is accomplished through you, as you pray and support, and our tireless staff as they go toe-to-toe with some powerful and well-funded opponents. These opponents would like to see your nation quite different than how it was founded. These folks do not value life as a gift from God. They do not value family as defined in the Bible, and they adamantly believe there is more than one way to Heaven. **CLA's opponents want to impose their values on your children, and they hope that your beliefs die with you.**

Whether we are standing with a church or family in court, counseling on the phone, or standing before a Congressman in Washington, D.C., **CLA is committed to never surrendering or retreating from what is Biblically right.** Our fight for you and your children's future is too important. **We can NEVER give up, and we can NEVER give in!**

I look forward to fighting many more battles in the days ahead. **Our cause is Biblically right and the people we are serving need us now more than ever!** A donation of any size would be deeply appreciated as we are finishing out the summer and moving into the fall.

Your legal missionary,

David C. Gibbs, Jr.
President
