December 10, 2010

Dear Church and Pastor:

I trust all is well at Berean and that the Lord is continuing to bless you. The Lord is so good and gracious to all of us, isn't He?

Here at I.B.C. we are concluding the 2010 Fall Semester. It's been an exciting one. I am completing two of the most satisfying classes I have ever taught at the College. Preparation for Teaching was attended by five great adult students who really desired to study the art of teaching. Their attendance was almost perfect and they completed all lesson development assignments plus research papers on time. The semester exam required teaching a Bible lesson to a real class with myself critiquing it. I expect to see these students excel.

Music Theory was attended by those who knew almost nothing about music but had a pressing desire to learn so that they might honor the Lord in the area of music. These too excelled and were thrilled with the prospect of using their newly-learned subject in various capacities in Christian music. Their comprehensive exam will be this next Tuesday and I expect them also to excel.

Again, I want to especially thank you for your faithful support of my ministry at I.B.C. My wife and I rejoice and thank God each month. I hope you understand that you're not only helping me but you have a part in each student's life and ministry when he finishes his work here and goes to use what he's learned in one of the Lord's churches. I.B.C. has graduates all over the world pastoring, doing mission work and in special ministries' leadership. You have a part in their service to the Lord.

Thank you for your generous offering and I do so hope you have a Merry Christmas and a Happy New Year 2011.

Sincerely,

Edwin G. Zellner, Professor
Independent Baptist College
